UPHAM WANTED LIMIT RAISED

Takes Full Responsibility For Plan To Raise Contribution Limit to \$10,000

Recalls Harding's Statement On Instruction To Republican National Committee

(By Associated Press)

Chicago, September 10.—Fred W. Upham today told the Senate committee investigating campaign funds that he took full responsibility for the proposal to raise the limit of Republican campaign contributions to \$10,000 from \$1,000.

"I hoped the lid would be raised and I did recommend \$10,000 as a limit," said Mr. Upham.

"At a meeting in New York they voted me down by a big majority and I stepped from the room and told Mr. Blair to telegraph his men in Chicago not to send out form 101.

"Two days later," continued Mr. Upham, "Col. Thompson went to Washington and saw Senator Harding and the candidate gave out a statement to the Associated Press that he had instructed the Republican National Committee not to accept contributions of more than \$1,000 each."

Mr. Upham presented figures on pre-convention receipts and expenditures. Today's testimony showed expenditures of more than \$1,000,000 for publicity, headquarters and other national committee expenses between December 1, 1918 and July 12, of this year.

Recently, Miss Thomas, who came to Europe with her husband, Jack Pickford, several weeks ago, had suffered from nervous depression, it was said.

First aid was promptly given her by Mr. Pickford when he returned Sunday to the hotel where they were stopping and found his wife in a serious condition, and every possible effort was made at the hospital to counteract the effects of the poison, but without avail.

The President declared that when a body of men collectively refrained from working by mutual understanding however arrived at, it was a strike no matter what name was given it. A majority of the anthracite miners had refrained from work under the guise of taking a vacation, the President said, and he told the committee while he appreciated the earnestness of its efforts to get the men to return to work and commended its stand on the importance of contract obligations, he was, in spite of this, unwilling to reopen the wage question.

Indicates Small Campaign Fund To Date—Kenyon Asks Particularly Concerning Wet Interests

(By Associated Press)

Chicago, September 10.—Senator Kenyon today called Edmund H. Moore to the stand and questioned him about Democratic campaign plans and particularly help that may have been received from the liquor interests.

Mr. Moore said the Democrats had not formed a campaign plan and had only \$14,000 in the national treasury two weeks ago.

Senator Kenyon asked Mr. Moore about the association opposed to national prohibition and read a prospectus of the organization.

From the league prospectus he read the names of Bainbridge Colby, Secretary of State; Bourke Cochran and Joseph W. Bailey, of Texas, as speakers.

He also asked about "The Forward Looking Association of Ohio," which he said had assisted Governor Cox's 1916 campaign; the New Jersey Federation of Liquor Interests, whose president, Geo. C. Carroll, is raising funds to help Governor Cox, according to a letter offered last week by Will Hays, and the Ohio Liquor License League which, according to a certified copy of its report, had contributed to the Ohio Governor's campaign in 1916.

Several delegations of negroes came from various parts of the country today to hear the nominee discuss public questions of particular interest to them.

In his speech to the negro delegation the nominee declared that "service" was the real measure of citizenship and that too much encouragement had been given the idea of "something for nothing" government. "The American negro has good sense, a clear head and a brave heart and I proclaim it to all the world he has met the test and did not and will not fail America. COUNCIL HOLDS BUSY SESSION THURSDAY NIGHT

Street, Sewer and Sidewalk Repairs Receive Lion's Share of Attention.

Proposal For Two Mill Levy To Meet Expenses Will Be Submitted to Voters.

No New Action Toward Changing Gas and Electric Rate Ordinances.

With all members present and not a negative vote during the entire session, council met Thursday evening cleared the slate of a number of pieces of business.

Outside of hearing Mayor Dahl's reasons for not approving the gas and electric ordinances recently passed, no further action on the two measures was attempted.

A complaint of urgent need of improvement on Maple street in order that pedestrians might pass over dry road was referred to the Service committee to report upon at the next meeting.

Upon further complaint of the bad condition of the Broadway sewer, which is supposed to furnish drainage to a large number of residences in that part of the city, Howe moved that the Service Director be instructed to take steps necessary to furnish relief. The motion was carried by unanimous vote.

Attorney H. M. Rankin, representing the Sunlight Creameries, asked that relief be furnished from the bad condition of the big sewer which drains much of Millwood and passes through the property of the Sunlight Creameries. The sewer was never properly installed and large apertures between the sections of sewer allow flood water to pour out upon the property after every heavy rain, it was stated.

Upon motion by Bloomer the service committee was authorized to investigate and report at the next meeting.

Confirmation of the sale of bonds, \$5,000 sewer bonds and \$16,000 in deficiency bonds was authorized, there being only one bid that of the Commercial Bank which bid par and accrued interest less a small amount to care for printing bonds and attorney fees.

Auditor's Report

Auditor Hitchcock filed his monthly report and called council's attention to the fact that the total amount brought in during the six months from taxation was \$35,812.92, and that the inheritance tax amounted to \$7321.65 while the Auto Tag fund reached \$5225. He stated that while some \$9,000 was available for the safety fund that some \$12,000 was needed, and that about \$12,000 was available for the service fund and the fixed charges of light and water rentals amount to \$17,000, stating that while over \$40,000 would be available that the amount needed was really between \$75,000 and \$76,000.

Ask Two Mill Levy

A resolution, calling attention to the bonded indebtedness of the city being \$222,150 on January 20, 1920, and asking that a proposal for a two mill levy be submitted to the voters at the regular election in November, to be effective not over three years, was submitted and passed by unanimous vote.

Mayor Dahl's veto of the rate ordinances for gas and electricity was then read and placed on file by unanimous vote.

Millikan Avenue Walk

The question of completing the much mentioned Millikan avenue sidewalk was brought up and the Engineer instructed to establish a grade so side walks could be completed.

Upon motion by Brownell repair of gutters on East Temple street was authorized, and Solicitor Junk was authorized to prepare an ordinance calling for relaying of all sidewalks requiring such attention on East Temple street.

The service director, on motion by Rowe, was instructed to look after the gutters on Circle avenue and furnish relief where needed.

Street Repair Program

Upon agitation by Brownell the question of using the funds derived from automobile tax in the city—over \$5,000—for street repair work, was taken up and the Service Committee was directed to investigate and report where repairs were most needed on the various macadam streets.

Reichert suggested that the practice of some citizens throwing refuse into the streets be discontinued.

The question of public watering tanks was raised by Reichert who had been asked by an official of the Water

FEATURES FOR FALL FESTIVAL

Delco Light System is Installed on Court House Lawn

Delco Light men are busy on the court house lawn installing the lighting plant for the system which is to cover the city during Fall Festival week and give illumination to every department and booth of the exhibits and any other places where extra light is needed.

Booths are rapidly being erected on the main streets and the city is beginning to present the appearance of a town under canvass. Space will be furnished free, it is announced by the committee, to any one desiring to make a farm exhibit.

An unusual exhibit for the Fall Festival will be the State Fish and Game department. Different parts of the exhibit will be placed at various points for it will not be possible to congregate the showing in one place. There will also be exhibits from the State Dairy and Food Departments.

Service Director Passmore has granted permission for the City Fire Department to lead each day's parade.

Two dates are being especially noted so that their observance will not be forgotten by Fayette county people Democratic Day on Wednesday and Republican Day on Friday are the dates. Men nationally known have been secured to represent both parties with subjects relative to the present presidential campaign.

With the Fall Festival the city will be host to a great number of outsiders who will desire to remain here during the week. To accommodate these people the committee has asked that those having rooms "for rent" to make the fact known.

Announcement is made by Promoter Brooks that in addition to the six round preliminary between Hetty Carmichael and Johnny Anderson there will also be four more stanzas of slugging before the main event. Serra has promised Brooks that he will line up the two men to go the four rounds and their names have not yet been secured.

ARGENTINE RULER SAYS HE WILL OPPOSE DRY BILL

However Favors Restriction of Liquor Traffic.

(By Associated Press)

Buenos Aires, (By Mail)—President Irigoyen's administration has just announced through Finance Minister Salaberry that it will oppose the prohibition bill recently introduced in the Chamber of Deputies. Nevertheless, an official move in favor of the restriction of the liquor traffic is seen in the terms of the reciprocal commercial travellers' treaty recently agreed upon between United States Ambassador Stimson and the President.

This treaty, which will probably be drawn up and signed in Washington during Ambassador Stimson's visit there on leave, will provide for a single Federal license for American salesmen in Argentina instead of licenses for each province, but will exclude them from selling alcoholic beverages under it. The prohibitive clause was requested by President Irigoyen. It is learned. It was accepted by the United States government notwithstanding the fact that no such clause appears in other commercial traveler's treaties negotiated by the United States. The American policy of uniformity for treaties of this sort has thus been waived in favor of Argentina.

Since alcoholic liquors can no longer be legally exported from the United States, American salesmen natu-

ally will not be affected by the clause, but its significance lies with Argentina in that it establishes a precedent in the direction of prohibition. It is pointed out that if this treaty with the United States is ratified, other nations who may desire also to negotiate a treaty with Argentina providing for a single Federal salesman's license would, by virtue of this precedent, have to accept a similar clause against the sale of intoxicating liquors. Otherwise their salesmen must continue to pay a separate license in each of the 14 provinces. These vary and run as high as a thousand pesos.

ITALIAN BANK ATTRACTS NOTICE

(By Associated Press)

Rome, (By Mail)—King Victor Emmanuel, during an audience granted recently to J. H. Fahey, former president of the Chamber of Commerce of the United States, and to Alfred Dennis, Commercial Attaché to the American Embassy, spoke at some length about a new bank which has recently been founded in Italy.

It is called the Banca Nazionale del Reduce, (The National Bank of War Survivors) and its special object is to give credit to all ex-combatants, helping them to start afresh in business; assisting also their widows and orphans, or the parents and sisters of those who died during the conflict, to all of whom is also given a discount of one percent on all operations.

The King, himself, took a personal interest in the development of the new bank and invested 50,000 lire in

its shares, which he presented to another war institution, that of the orphans of fallen soldiers.

The King is anxious that the new bank should become a link between Italy and Italian war survivors who live abroad, of whom there are over 350,000 in America alone and an even greater number in Argentina and Brazil.

President Obregon

With the election of Alvaro Obregon as president of Mexico, America again looks with hope toward the southern republic whose political insecurity during the past few years has been the cause of an habitual state of unrest that time and again has threatened, at least technically, the peaceful relations of the two governments.

It is hoped, as it has been hoped before, that Mexico may regain her stride under the new military president, whose record would seem to offer some basis for the hope.

It is no secret that the American government looks with favor upon Obregon and his party. There is nothing in General Obregon's career to indicate that he is unfit for governmental power or that his motives are dishonest, and his military record is at least as good as that of any of the contemporary Mexican military leaders.

While favoring the Obregon party, the Washington government is making no hasty pledges, showing on the contrary a disposition to delay recognition of the Obregon government until Obregon has established himself and given substantial proof of his sincerity.

Choosing For Others

Responsibility with a capital "R" falls upon the person who recommends a book. The fact that it is in answer to the question "Do you know of anything good to read?" makes no difference. With the best of intentions you delve in your memory for the best of the recent books you have read, with a sub-current of thought as to what the questioner would best like. Perhaps your present mood may influence your answer or you are taken unaware and name the last book read.

If the inquirer happens to be a person of decided opinions and ultra critical in literary judgment, upon your answer depends your future recognition as a reader of discrimination or your branding as a literary outcast.

It has been said that "to say the right thing, either about the right or wrong book, to either the right or wrong person, is an intellectual diversion of no mean proportions."

There is the opinionated literary fiend who prides himself on his taste and immediately sets upon your taste by announcing as intolerable the book you have declared good. You wonder why he continues to consult you and a little feeling creeps in that he is only doing it to "show you up."

To sponsor a book is to invite criticism. The person who answered the question of a highly domesticated woman as to whether "The Moon and Sixpence" was the kind of book that one "ought to read," by saying with admirable caution—"No, although in some respects it is a great book," was rewarded by being pronounced a morbid and irresponsible critic.

In recommending books it is well to remember that our literary enthusiasms are considerably influenced by our temperaments, as well as by the extent and kind of mental training. It is a good idea, unless you are exceedingly strong minded and independent, to qualify your answers concerning book queries by saying, "everybody is reading it; but that may not mean anything to you." "It is a fascinating book for an hour or two if you know how to skip." "It is a good book, but I am bound to say that the reading of it depends upon your mood," or other ambiguous phrases which may save your reputation as a reader of discrimination and taste.

Behind The Actor's Mask

The rapidly increasing number of divorces among moving picture actors and actresses is a source of regret to the public. The millions of people who frequent the picture theaters learn to know and to like the persons who appear upon the screen, and they love to imagine that in real life they are as good and true as in the characters they portray. They do not wish the mask torn away from their favorites by unpleasant announcements of domestic troubles.

Whatever may be the cause of the high percentage of divorces among prominent "movie" stars, the fact is reacting unfavorably upon the profession. When once a favorite actress appears in the divorce court, the old deception has gone, and she loses much of her power to charm. Perhaps there is in the life of the actors something which tends to domestic unhappiness, but the public would like to imagine the frequency with which they have of late had recourse to the courts but a chance condition which is not apt to continue.

POETRY FOR TODAY

VACATION DAYS

Looking far backward I shall see the city fade
And I shall turn my eager steps unto the hills,
Home! Home again! Oh, how my heart will leap
When I behold the old familiar scenes.

Oh, I shall kiss the paths again with naked feet
And breathe the mountain air into my lungs,
And trill the old-time songs high in the hills
And lift my heart to God again, where all is still.

Oh, I will feel the glory of the white, still night
And see the beauty of the dancing stars,
And I shall love to stand where once I stood
And see the brush fires gleaming through the trees.

My heart will sing with morning's rising sun
And in the river's cool pools I shall bathe,
The summer wind will toss my hair and brown my cheeks
While I ride home on wagon loads of hay.

All the beauty of those dear, bright days I'll drink,
To keep life lovely through the coming year.

Vacation days! Oh, spend them as you will,
But I shall keep mine far out in the hills.

'I FEEL TWENTY YEARS YOUNGER'

Massillon Woman Was Helpless from Rheumatism When She Began Taking Tanlac.

"My friends keep asking what it was that made me get well so quick, and I am only too glad to tell them it was Tanlac," said Mrs. Jennie Bean of 1505 So. Erie St., Massillon, Ohio. "Why, since I began taking Tanlac," she continued, "I have actually gained twenty pounds in weight and feel all of twenty years younger. I had suffered from indigestion fourteen years, and during that time I had to keep on the strictest diet. If I dared eat any thing the least bit heavy it would lie like lead on my stomach and often make me deathly sick. There were times when I couldn't bear even the smell of food."

"On top of this I had rheumatism so bad that all my joints were swollen, my feet and ankles especially, and I suffered almost unbearable pains. I had to have someone dress me, for my fingers were so stiff I couldn't even open and close my hands. I was very nervous and would roll and toss for hours at night. I often got up in the middle of the night and stayed up till morning, for sleep was out of the question. I fell off in weight and lost strength until I was almost as helpless as a baby."

"Well, it certainly was a lucky day for me when I began taking Tanlac, for I commenced to improve with the very first bottle. I have taken five bottles now and am a well woman for the first time in fourteen years. I never did have such an appetite as I have now, and I don't know what it is to suffer from indigestion. My rheumatism seems gone entirely, for I never feel a sign of it. I sleep good at night and feel so much stronger and better that my housework is easy for me. Any of my neighbors can tell you I am a different woman since I began taking Tanlac, and I expect to speak a good word for it as long as I live."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by I. W. Murphy and in Mt. Edgeville, E. L. Ford Sons, Lee Ortman, Selden. — Advt.

TEN DAYS TOUR TO RIO GRANDE VALLEY

Leaving here Thursday, Sept. 16, a party of not more than four will be personally conducted to the irrigated section of the lower Rio Grande.

A special rate is arranged. All detail connections, meals, berths, etc., is looked after—you have nothing to buy after starting; the trip will cross Indiana, Illinois, Missouri, Kansas, Oklahoma and Texas, arriving Monday on the bank of the Rio Grande looking over into old Mexico. Sunday is spent in Galveston with a boat ride about the harbor and on the Great Sea Wall. Three days is spent in motoring over the Winter Truck Garden country and inspecting orchards of orange and grape fruit, alfalfa, cotton, corn, etc. While we shovel snow and ice, the people there market cabbage, carrots, beets, spinach, head lettuce, onions, etc., and there is no healthier section in this country. If you are a renter farmer investigate this more fully before you buy or rent.

Call Automatic 23401 and arrange to talk it over and see some late pictures.

Change of date.—On account of recent heavy rains it is thought better to change the starting date of this tour to Thursday, Sept. 16th.

CHAMP COMING FROM ARGENTINE

Buenos Aires, (By Mail)—Luis A. Firpo, South American heavy-weight boxing champion, is soon to visit the United States, where he will seek the advantages to be derived from good trainers and expert management. Firpo weighs 213 pounds.

His title was gained by defeating boxers in Chile and other South American countries. In a match in Buenos Aires, in June he knocked out Antonio Jiras, who styles himself the "Czech-Slovak champion" in the first three minute round of a scheduled 10 round bout. Firpo has a considerable ring history and before taking up boxing was a professional Greco-Roman wrestler.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Despite the rain, Thursday afternoon, there was a large attendance at the meeting of the Young Women's Foreign Missionary Society held at the home of Mrs. Ralph Penn.

As it was the last meeting of the year there was an election of officers which resulted in the choosing of Mrs. Harry Rodecker, president; Mrs. Herbert Chapman, First Vice President; Mrs. Glenn Rogers, Second Vice; Mrs. Reba Bay, Treasurer; Mrs. Martin Hughey, Recording Secretary; Mrs. Jess Feagans, Corresponding Secretary.

A short surprise program preceded the delightful social, Mrs. C. K. Leggett and Mrs. Jess Feagans assisting Mrs. Penn.

The study of Belgium, interspersed with miscellaneous subjects, offers to the women of the Browning Club a year of both opportunity and interest.

The 1920-1921 year books, in the usual tan cover, lettered in sepia, have just been issued and both their attractive make up and splendidly worked out programs, are meeting with the approval of members.

The first meeting will be held October the twelfth.

The programs were gotten up by department chairmen, working with the President, Mrs. Julia H. Dahl and executive committee, Mesdames Elizabeth Carpenter, Estella K. Blackmer and Lea Gregg.

The department chairmen are History and Civics, Miss Jean Howat; Vice Chairman, Mrs. Ada Jones; Literature, Mrs. Elizabeth Carpenter, Miss Irene Tobin, Vice; Art, Miss Edith H. Gardner, Miss Minnie Light, Vice; House hold Economics, Mrs. Estella K. Blackmer, Mrs. Maggie Hopkins, Vice; Social Science, Philanthropy and Industrial Conditions, Mrs. Olive L. Teeters; Mrs. Bertha M. Cadwallader, Vice Chairman.

The opportunity presented to a local audience Friday night in hearing a Washington C. H. boy who has achieved a national reputation as a dramatic reader, and also enjoying Drink Water's play, "Abraham Lincoln," is an unusual one and deserving of a packed house at the High School Auditorium.

Prof. Davis Edwards was awarded by the University of Chicago first honors for Dramatic Interpretation of Literature and is an experienced professional reader. The play is the dramatic sensation of both London and New York and people unable to see it in the large cities will probably never again have such a chance to follow the picturesque and tragic career of this great American statesman as it is portrayed in this artistic triumph.

Two prominent young people of Milledgeville were united in marriage Thursday afternoon at half past four o'clock, when Miss Hazel Chamberlain daughter of Mr. and Mrs. W. H. Chamberlain, became the bride of Mr. Grant Morgan, son of Mrs. Clara Morgan, Rev. William Boynton Gage performed the ring ceremony at the Presbyterian

manse, the attendants being Miss Cleo Besche and Mr. Willard Chamberlain, niece and nephew of the bride. The bride, a charming girl and accomplished musician, looked exceedingly pretty in a smartly tailored suit of dark blue, with Fall hat en suite. Miss Besche was also wearing a navy blue suit with Fall hat.

Mr. and Mrs. Morgan left immediately after the ceremony for a wedding trip to Cleveland and the lakes. Upon their return they will reside in Milledgeville, Mr. Morgan operating the farm owned by his grand father, Mr. J. W. Fichtorn.

Both young people are very popular and the heartiest of best wishes are being extended.

Mr. Charles Dore who was married at Westville, N. J., on September 8th, 1920 to Miss Reba Weschler, by the Rev. Jonathan Haucker of the Westville Lutheran Church is spending his honeymoon with his aunts, the Misses Dore, east of this city on the Columbus pike.

Lieutenant Dore was an aviator during the war, and at its conclusion he became a member of the Treasurer's Office Staff of the New York Shipbuilding Corporation, Camden, N. J.

Miss Weschler is known throughout the southern part of New Jersey for her coloratura contralto voice, she having sung at the convention of Atlantic Coast Shipbuilders, the Pitman Grove Camp Meeting and at the annual outing of the Gold Medal Anglers of Ocean City. She had expected to go on the Operatic Stage, offers having been tendered her—but Dan Cupid interfered.

It may be of interest to know that Mr. Dore's office associates furnished his home as a wedding present.

Relatives and friends of the bride in this city will read with interest the following clipping from the Chillicothe Gazette.

The friends of Mrs. Irville Herbert McKinnon have drawn a red line through the word surprise. Since Wednesday afternoon nothing can come into their lives that will have such an element of astonishment as the announcement, that on February 21st, 1920, she changed her name from Miss Helen Junk to Mrs. I. H. McKinnon. The change involved a simple wedding ceremony in Boston, in which she and Dr. McKinnon, a prominent young physician of that city, were interested.

Mrs. McKinnon is the charming daughter of Mr. and Mrs. Oather Junk, of East Second street, and at the time of her marriage was a student at Emerson School of Oratory at Boston. She is a young woman of unusual attractive personality and her popularity in this city is measured by the number of her enthusiastic friends.

Her marriage is eliciting a deluge of good wishes from all who know her and are interested in her future happiness. The announcement was made by Miss Corrine Seest at a bridge party at her home, Thursday afternoon, and on Friday cards were received bearing announcement.

The familiar "step lively" of the subway conductor and policeman which hastens the movement of cosmopolitan life, is not escaped today even in the Orient. One needs to watch her step, when traveling by steamboat up a languid oriental stream just as carefully as when boarding the subway at Forty-second street during the rush hour, according to the report of a Y. W. C. A. secretary, stationed in Canton, China.

"When a passenger wishes to get off the steamboat," writes this Y. W. secretary, "a shrill whistle is blown to summon a small boat to carry her to shore. Then a man carrying a long bamboo pole with a hook on its end climbs out on a little ledge on the side of steamboat ready to catch hold of the boat as it passes by. The steamboats slacken its speed but very little and passengers need to 'step lively' in to the row boat or they will be left behind. Baggage is tossed in after them."

The September meeting of the Elmwood Ladies Aid was held at the home of Mrs. S. M. Oliver on Clinton Avenue Thursday afternoon. The attendance was very good.

After the opening exercises and business a social hour was enjoyed. Interesting readings were given by Mrs. Powless and Mrs. Margaret Reynolds. Hostesses Mesdames S. M. Oliver, Perry Walters, Will Lechower, Cora and Louella Maddox served tempting refreshments.

Prof. B. C. Zimmerman left Monday for Manhattan, Kansas, where he will resume his teaching at K. S. A. C. after spending a short vacation with his parents, Mr. and Mrs. Frank Zimmerman.

Mr. Fay Zimmerman returned home last week from Buffalo, New York, where he has been engaged with the Moat, Sprague, Brownell and Marcy law firm the past three months.

Mr. and Mrs. Oscar McCoy are receiving congratulations upon the birth of a son at their home below Good Hope Friday morning. The little boy has been named Wendel Albert.

Mr. J. M. Baker who has been spending the past six weeks at Hot Springs, Ark., arrived home Thursday evening.

Mr. and Mrs. D. H. C. Bowen, daughters, Misses Jocelyn, Gayle and Donna, arrived home Wednesday evening from Onstead, Mich., where they spent the summer at their cottage.

Robert Craig left Friday morning for Delaware, to spend a few days before entering upon his senior year at Ohio Wesleyan University.

Miss Louise Weaver left Friday morning for Cleveland, where she will be engaged in teaching.

Howard Gregg left Friday morning for Miami University at Oxford.

Mr. and Mrs. Roy Hagler, Misses Ruth and Mary Hagler, were visitors in Columbus Friday.

Miss Gwendolyn Baughn went to Columbus Friday evening to join her uncle, Dr. Evan Brock, and wife on an extensive motoring trip through the East, stopping at Philadelphia, Pa., Washington, D. C., Boston, Mass., and New York City.

Mr. O. H. Robbins went to Jackson Friday afternoon to attend the funeral of his niece, Mrs. Virginia Pearce, (nee Robbins,) of Columbus who died at her parents' home in Jackson. Friends of the family in this vicinity will learn of Mrs. Pearce's death with great regret.

CAPACITY TAXED PLAN CHANGES IN HIGH SCHOOL

Congested Condition Due to Unprecedented Enrollment in High School Requires Radical Changes.

Extra Equipment Required To Accommodate Students in Commercial Department.

With the enrollment in Washington high school given as 285 Friday morning, congested conditions in some departments are becoming such that radical changes must be made at once.

It was announced by Principal O. K. Probasco that the enrollment in the commercial classes is the heaviest in the history of the school and that the same is true in the science classes, chemistry and physics. Both departments are congested to the extreme it is stated.

Solution of the congestions will be solved as soon as possible with extra equipment in the commercial department. It is imperative that newer and additional equipment be installed in the science department, it is announced.

The enrollment this fall shows the trend from Latin to commercial work students enrolling in the High School are doing their work with the idea of immediate returns when they graduate and are taking up this line of study. This is also due to the fact that students are no longer required to take Latin, but their course of study is left to their own selections. This year there are 88 students enrolled in the Latin classes approximately 40 in the Spanish and over 70 in stenography classes. About 60 freshmen are enrolled in book-keeping. The enrollment in the Smith-Hughes agricultural department is heavy.

GRANT REQUEST OF REV. GAGE

Members of Chillicothe Presbytery Meet Here and Take Formal Action Releasing Local Minister.

Formal action by the Chillicothe Presbytery in dissolving pastoral relations between Rev. William Boynton Gage and the First Presbyterian church of this city, was taken Friday afternoon at two o'clock.

The meeting was called to consider the application of Rev. Gage to leave the local church and accept the pastorate of the First Presbyterian church of Aberdeen, South Dakota, which was proffered while he was visiting in that section of the country several weeks ago.

Only a representation of the Chillicothe Presbytery was here, eight or nine delegates being in attendance when the members went in session. The action was strictly formal and although deep regret was expressed over Rev. Gage's contemplated departure, his desire was granted

in that all pastoral relations were dissolved.

Representatives of the local congregation in session with the Presbytery were of the same opinion, that although they were loath to see Rev. Gage depart for other fields of service, yet his request would be granted.

Rev. Gage has served as pastor of the First Presbyterian church for the past eight years.

CARE FOR OVERFLOW IN PUBLIC SCHOOLS

Large Attendance Causes Formation of New Rooms and Addition of Two Instructors

To care for an overflow of pupils in Old Central and Cherry Hill, Superintendent William McClain of the city public schools, has created two additional rooms, and two extra instructors have been added.

At Old Central another room of second graders has been added, and Miss Aileen Hess has been secured as instructor.

An extra room of fourth graders has been added at Cherry Hill and Miss Bernice O'Brien will teach.

Both young women elected to the newly created positions were graduated from the local high school and the school management feels highly pleased in being able to secure them for the extra work.

MAY CURTAIL HORSE RACING IN ARGENTINE

Buenos Aires, (By Mail)—President Irigoyen's administration is considering projects of law for the suppression or limitation of horse racing, it is announced. Buenos Aires has one of the finest race courses in the world operated by its famous Jockey Club where millions of pesos change hands in a year under pari-mutuel betting system.

Races are held twice a week, Thursdays and Sundays, and on the fre-

quent holidays. The attendance is from 15,000 to 20,000 persons. The newspapers have commented on the fact that, as a corollary to the mounting cost of living, the betting public has increased its wagers on the races. Where total bets on a Sunday were formerly \$80,000 pesos, they now sometimes aggregate 3,000,000 pesos.

The administration believes that the Thursday races, at least ought to be suppressed.

President Obregon

With the election of Alvaro Obregon as president of Mexico, America again looks with hope toward the southern republic whose political insecurity during the past few years has been the cause of an habitual state of unrest that time and again has threatened, at least technically, the peaceful relations of the two governments.

It is hoped, as it has been hoped before, that Mexico may regain her stride under the new military president, whose record would seem to offer some basis for the hope.

It is no secret that the American government looks with favor upon Obregon and his party. There is nothing in General Obregon's career to indicate that he is unfit for governmental power or that his motives are dishonest, and his military record is at least as good as that of any of the contemporary Mexican military leaders.

While favoring the Obregon party, the Washington government is making no hasty pledges, showing on the contrary a disposition to delay recognition of the Obregon government until Obregon has established himself and given substantial proof of his sincerity.

Choosing For Others

Responsibility with a capital "R" falls upon the person who recommends a book. The fact that it is in answer to the question "Do you know of anything good to read?" makes no difference. With the best of intentions you delve in your memory for the best of the recent books you have read, with a sub-current of thought as to what the questioner would best like. Perhaps your present mood may influence your answer or you are taken unaware and name the last book read.

If the inquirer happens to be a person of decided opinions and ultra critical in literary judgment, upon your answer depends your future recognition as a reader of discrimination or your branding as a literary outcast.

It has been said that "to say the right thing, either about the right or wrong book, to either the right or wrong person, is an intellectual diversion of no mean proportions."

There is the opinionated literary fiend who prides himself on his taste and immediately sets upon your taste by announcing as intolerable the book you have declared good. You wonder why he continues to consult you and a little feeling creeps in that he is only doing it to "show you up."

To sponsor a book is to invite criticism. The person who answered the question of a highly domesticated woman as to whether "The Moon and Sixpence" was the kind of book that one "ought to read," by saying with admirable caution—"No, although in some respects it is a great book," was rewarded by being pronounced a morbid and irresponsible critic.

In recommending books it is well to remember that our literary enthusiasms are considerably influenced by our temperaments, as well as by the extent and kind of mental training. It is a good idea, unless you are exceedingly strong minded and independent, to qualify your answers concerning book queries by saying, "everybody is reading it; but that may not mean anything to you." "It is a fascinating book for an hour or two if you know how to skip." "It is a good book, but I am bound to say that the reading of it depends upon your mood," or other ambiguous phrases which may save your reputation as a reader of discrimination and taste.

Behind The Actor's Mask

The rapidly increasing number of divorces among moving picture actors and actresses is a source of regret to the public. The millions of people who frequent the picture theaters learn to know and to like the persons who appear upon the screen, and they love to imagine that in real life they are as good and true as in the characters they portray. They do not wish the mask torn away from their favorites by unpleasant announcements of domestic troubles.

Whatever may be the cause of the high percentage of divorces among prominent "movie" stars, the fact is reflecting unfavorably upon the profession. When once a favorite actress appears in the divorce court, the old deception has gone, and she loses much of her power to charm. Perhaps there is in the life of the actors something which tends to domestic unhappiness, but the public would like to imagine the frequency with which they have of late had recourse to the courts but a chance condition which is not apt to continue.

POETRY FOR TODAY

VACATION DAYS

Looking far backward I shall see the city fade
And I shall turn my eager steps unto the hills.
Home! Home again! Oh, how my heart will leap
When I behold the old familiar scenes.

Oh, I shall kiss the paths again with naked feet
And breathe the mountain air into my lungs,
And trill the old-time songs high in the hills
And lift my heart to God again, where all is still.

Oh, I will feel the glory of the white, still night
And see the beauty of the dancing stars,
And I shall love to stand where once I stood
And see the brush fires gleaming through the trees.

My heart will sing with morning's rising sun
And in the river's cool pools I shall bathe,
The summer wind will toss my hair and brown my cheeks
While I ride home on wagon loads of hay.

All the beauty of those dear, bright days I'll drink,
To keep life lovely through the coming year.
Vacation days! Oh, spend them as you will,
But I shall keep mine far out in the hills.

'I FEEL TWENTY YEARS YOUNGER'

Massillon Woman Was Helpless from Rheumatism When She Began Taking Tanlac.

"My friends keep asking what it was that made me get well so quick, and I am only too glad to tell them it was Tanlac," said Mrs. Jennie Bean of 1505 So. Erie St., Massillon, Ohio. "Why, since I began taking Tanlac," she continued, "I have actually gained twenty pounds in weight and feel all of twenty years younger. I had suffered from indigestion fourteen years, and during that time I had to keep on the strictest diet. If I dared eat any thing the least bit heavy it would lie like lead on my stomach and often make me deathly sick. There were times when I couldn't bear even the smell of food."

"On top of this I had rheumatism so bad that all my joints were swollen, my feet and ankles especially, and I suffered almost unbearable pains. I had to have someone dress me, for my fingers were so stiff I couldn't even open and close my hands. I was very nervous and would roll and toss for hours at night. I often got up in the middle of the night and stayed up till morning, for sleep was out of the question. I fell off in weight and lost strength until I was almost as helpless as a baby."

"Well, it certainly was a lucky day for me when I began taking Tanlac, for I commenced to improve with the very first bottle. I have taken five bottles now and am a well woman for the first time in fourteen years. I never did have such an appetite as I have now, and I don't know what it is to suffer from indigestion. My rheumatism seems gone entirely, for I never feel a sign of it. I sleep good at night and feel so much stronger and better that my housework is easy for me. Any of my neighbors can tell you I am a different woman since I began taking Tanlac, and I expect to speak a good word for it as long as I live."

Tanlac is sold in Washington by C. S. Haver, in Lowell by Mason's Drug Store, in Jeffersonville by J. B. Davis, in Octa by I. W. Murphy and in Milledgeville, E. L. Ford Sons, Leo Ortmann, Selden. — Advt.

TEN DAYS TOUR TO RIO GRANDE VALLEY

Leaving here Thursday, Sept. 16, a party of not more than four will be personally conducted to the irrigated section of the lower Rio Grande.

A special rate is arranged, all detail connections, meals, berths, etc., is looked after—you have nothing to buy after starting; the trip will cross Indiana, Illinois, Missouri, Kansas, Oklahoma and Texas, arriving Monday on the bank of the Rio Grande looking over into old Mexico. Sunday is spent in Galveston with a boat ride about the harbor and on the Great Sea Wall. Three days is spent in motoring over the Winter Truck Garden country and inspecting orchards of orange and grape fruit, alfalfa, cotton, corn, etc. While we shovel snow and ice, the people there market cabbage, carrots, beets, spinach, head lettuce, onions, etc., and there is no healthier section in this country. If you are a renter farmer investigate this more fully before you buy or rent.

Call Automatic 23401 and arrange to talk it over and see some late pictures.

Change of date.—On account of recent heavy rains it is thought better to change the starting date of this tour to Thursday, Sept. 16th.

CHAMP COMING FROM ARGENTINE

Buenos Aires, (By Mail)—Luis A. Firpo, South American heavy weight boxing champion, is soon to visit the United States, where he will seek the advantages to be derived from good trainers and expert management. Firpo weighs 213 pounds.

His title was gained by defeating boxers in Chile and other South American countries. In a match in Buenos Aires, in June he knocked out Antonio Jiras, who styles himself the "Czecho-Slovak champion" in the first three minute round of a scheduled 10 round bout. Firpo has a considerable ring history and before taking up boxing was a professional Greco-Roman wrestler.

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Despite the rain, Thursday afternoon, there was a large attendance at the meeting of the Young Women's Foreign Missionary Society held at the home of Mrs. Ralph Penn.

As it was the last meeting of the year there was an election of officers which resulted in the choosing of Mrs. Harry Rodecker, president; Mrs. Herbert Chapman, First Vice President; Mrs. Glenn Rogers, Second Vice; Mrs. Reba Bay, Treasurer; Mrs. Martin Hughey, Recording Secretary; Mrs. Jess Feagans, Corresponding Secretary.

A short surprise program preceded the delightful social, Mrs. C. K. Leggett and Mrs. Jess Feagans assisting Mrs. Penn.

The study of Belgium, interspersed with miscellaneous subjects, offers to the women of the Browning Club a year of both opportunity and interest.

The 1920-1921 year books, in the usual tan cover, lettered in sepia, have just been issued and both their attractive make up and splendidly worked out programs, are meeting with the approval of members.

The first meeting will be held October the twelfth.

The programs were gotten up by department chairmen, working with the President, Mrs. Julia H. Dahl and executive committee, Mesdames Elizabeth Carpenter, Estella K. Blackmer and Lea Gregg.

The department chairmen are History and Civics, Miss Jean Howat; Vice Chairman, Mrs. Ada Jones; Literature, Mrs. Elizabeth Carpenter; Miss Irene Tobin, Vice; Art, Miss Edith H. Gardner, Miss Minnie Light, Vice; House hold Economics, Mrs. Estella K. Blackmer, Mrs. Maggie Hopkins, Vice; Social Science, Philanthropy and Industrial Conditions, Mrs. Olive L. Teeters; Mrs. Bertha M. Cadwallader, Vice Chairman.

The opportunity presented to a local audience Friday night in hearing a Washington C. H. boy who has achieved a national reputation as a dramatic reader, and also enjoying Drink Water's play, "Abraham Lincoln," is an unusual one and deserving of a packed house at the High School Auditorium.

Prof. Davis Edwards was awarded by the University of Chicago first honors for Dramatic Interpretation of Literature and is an experienced professional reader. The play is the dramatic sensation of both London and New York and people unable to see it in the large cities will probably never again have such a chance to follow the picturesque and tragic career of this great American statesman as it is portrayed in this artistic triumph.

Two prominent young people of Milledgeville were united in marriage Thursday afternoon at half past four o'clock, when Miss Hazel Chamberlain daughter of Mr. and Mrs. W. H. Chamberlain, became the bride of Mr. Grant Morgan, son of Mrs. Clara Morgan, Rev. William Boynton Gage performed the ring ceremony at the Presbyterian

manse, the attendants being Miss Cloo Besche and Mr. Willard Chamberlain, niece and nephew of the bride. The bride, charming girl and accomplished musician, looked exceedingly pretty in a smartly tailored suit of dark blue, with Fall hat en suite. Miss Besche was also wearing a navy blue suit with Fall hat.

Mr. and Mrs. Morgan left immediately after the ceremony for a wedding trip to Cleveland and the lakes. Upon their return they will reside in Milledgeville, Mr. Morgan operating the farm owned by his grand father, Mr. J. W. Fleithorn.

Both young people are very popular and the heartiest of best wishes are being extended.

Mr. Charles Dore who was married at Westville, N. J., on September 8th, 1920 to Miss Reba Weschler, by the Rev. Jonathan Haucker of the Westville Lutheran Church is spending his honeymoon with his aunts, the Misses Dore, east of this city on the Columbus pike.

Lieutenant Dore was an aviator during the war, and at its conclusion he became a member of the Treasurer's Office Staff of the New York Shipbuilding Corporation, Camden, N. J.

Miss Weschler is known throughout the southern part of New Jersey for her coloratura contralto voice, she having sung at the convention of Atlantic Coast Shipbuilders, the Pitman Grove Camp Meeting and at the annual outing of the Gold Medal Anglers of Ocean City. She had expected to go on the Operatic Stage, offers having been tendered her—but Dan Cupid interfered.

It may be of interest to know that Mr. Dore's office associates furnished his home as a wedding present.

Relatives and friends of the bride in this city will read with interest the following clipping from the Chillicothe Gazette.

The friends of Mrs. Irvile Herbert McKinnon have drawn a red line through the word surprise. Since Wednesday afternoon nothing can come into their lives that will have such an element of astonishment as the announcement, that on February 21st, 1920, she changed her name from Miss Helen Junk to Mrs. I. H. McKinnon. The change involved a simple wedding ceremony in Boston, in which she and Dr. McKinnon, a prominent young physician of that city, were interested.

Mrs. McKinnon is the charming daughter of Mr. and Mrs. Oather Junk, of East Second street, and at the time of her marriage was a student at Emerson School of Oratory at Boston. She is a young woman of unusual attractive personality and her popularity in this city is measured by the number of her enthusiastic friends.

Her marriage is eliciting a deluge of good wishes from all who know her and are interested in her future happiness. The announcement was made by Miss Corrine Seecrest at a bridge party at her home, Thursday afternoon, and on Friday cards were received bearing announcement.

The familiar "step lively" of the subway conductor and policeman which hastens the movement of cosmopolitan life, is not escaped today even in the Orient.

One needs to watch her step, when traveling by steamboat up a languid oriental stream just as carefully as when boarding the subway at Forty-second street during the rush hour, according to the report of a Y. W. C. A. secretary, stationed in Canton, China.

"When a passenger wishes to get off the steamboat," writes this Y. W. secretary, "a shrill whistle is blown to summon a small boat to carry her to shore. Then a man carrying a long bamboo pole with a hook on its end climbs out on a little ledge on the side of steamboat ready to catch hold of the boat as it passes by. The steamboats slacken its speed but very little and passengers need to 'step lively' in to the row boat or they will be left behind. Baggage is tossed in after them."

The September meeting of the Elmwood Ladies Aid was held at the home of Mrs. S. M. Oliver on Clinton Avenue Thursday afternoon. The attendance was very good.

After the opening exercises and business a social hour was enjoyed. Interesting readings were given by Mrs. Powless and Mrs. Margaret Reynolds. Hostesses Mesdames S. M. Oliver Perry Walters, Will Leenhower, Cora and Louella Maddox served tempting refreshments.

Prof. B. C. Zimmerman left Monday for Manhattan, Kansas, where he will resume his teaching at K. S. A. C. after spending a short vacation with his parents, Mr. and Mrs. Frank Zimmerman.

Mr. Fay Zimmerman returned home last week from Buffalo, New York, where he has been engaged with the Moat, Sprague, Brownell and Marcy law firm the past three months.

Mr. and Mrs. Oscar McCoy are receiving congratulations upon the birth of a son at their home below Good Hope Friday morning. The little boy has been named Wendel Albert.

Mr. J. M. Baker who has been spending the past six weeks at Hot Springs, Ark., arrived home Thursday evening.

Cyril Moore went to Oxford Thursday to attend Miami University which opens Tuesday.

Miss Cora Boggs, who has been spending the summer with her parents, Dr. and Mrs. S. E. Boggs left Friday evening for Phoenix, Ariz., to resume her teaching.

Mr. and Mrs. D. H. C. Bowen, daughters, Misses Jocelyn, Gayle and Donna, arrived home Wednesday evening from Onstead, Mich., where they spent the summer at their cottage.

Robert Craig left Friday morning for Delaware, to spend a few days before entering upon his senior year at Ohio Wesleyan University.

Miss Louise Weaver left Friday morning for Cleveland, where she will be engaged in teaching.

Howard Gregg left Friday morning for Miami University at Oxford.

Mr. and Mrs. Roy Hagler, Misses Ruth and Mary Hagler, were visitors in Columbus Friday.

Miss Gwendolyn Baughn went to Columbus Friday evening to join her uncle, Dr. Evan Brock, and wife on an extensive motoring trip through the East, stopping at Philadelphia, Pa., Washington, D. C., Boston, Mass., and New York City.

Mr. O. H. Robbins went to Jackson Friday afternoon to attend the funeral of his niece, Mrs. Virginia Pearce, (nee Robbins,) of Columbus who died at her parents' home in Jackson. Friends of the family in this vicinity will learn of Mrs. Pearce's death with great regret.

Mrs. Harley T. Wilkin was a visitor in Columbus Thursday.

Mrs. M. J. Chilton and Miss May McClimans spent Friday the guests of Mrs. E. S. Yates, of the Waterloo pike.

Mrs. Frank C. Parrett returned Thursday night from a several days visit with her mother, Mrs. Eastman, in Columbus.

CAPACITY TAXED PLAN CHANGES IN HIGH SCHOOL

Congested Condition Due to Unprecedented Enrollment in High School Requires Radical Changes.

Extra Equipment Required To Accommodate Students in Commercial Department.

With the enrollment in Washington high school given as 285 Friday morning, congested conditions in some departments are becoming such that radical changes must be made at once.

It was announced by Principal O. K. Probasco that the enrollment in the commercial classes is the heaviest in the history of the school and that the same is true in the science classes, chemistry and physics. Both departments are congested to the extreme it is stated.

Solution of the congestions will be solved as soon as possible with extra equipment in the commercial department. It is imperative that newer and additional equipment be installed in the science department, it is announced.

The enrollment this fall shows the trend from Latin to commercial work students enrolling in the High School are doing their work with the idea of immediate returns when they graduate and are taking up this line of study. This is also due to the fact that students are no longer required to take Latin, but their course of study is left to their own selections. This year there are 88 students enrolled in the Latin classes approximately 40 in the Spanish and over 70 in stenography classes. About 60 freshmen are enrolled in book-keeping. The enrollment in the Smith-Hughes agricultural department is heavy.

GRANT REQUEST OF REV. GAGE

Members of Chillicothe Presbytery Meet Here and Take Formal Action Releasing Local Minister.

Formal action by the Chillicothe Presbytery in dissolving pastoral relations between Rev. William Boynton Gage and the First Presbyterian church of this city, was taken Friday afternoon at two o'clock.

The meeting was called to consider the application of Rev. Gage to leave the local church and accept the pastorate of the First Presbyterian church of Aberdeen, South Dakota, which was proffered while he was visiting in that section of the country several weeks ago.

Only a representation of the Chillicothe Presbytery was here, eight or nine delegates being in attendance when the members went in session. The action was strictly formal and although deep regret was expressed over Rev. Gage's contemplated departure, his desire was granted

in that all pastoral relations were dissolved.

Representatives of the local congregation in session with the Presbytery were of the same opinion, that although they were loath to see Rev. Gage depart for other fields of service, yet his request would be granted.

Rev. Gage has served as pastor of the First Presbyterian church for the past eight years.

CARE FOR OVERFLOW IN PUBLIC SCHOOLS

Large Attendance Causes Formation of New Rooms and Addition of Two Instructors

To care for an overflow of pupils in Old Central and Cherry Hill, Superintendent William McClain of the city public schools has created two additional rooms, and two extra instructors have been added.

At Old Central another room of second graders has been added, and Miss Alice Hess has been secured as instructor.

An extra room of fourth graders has been added at Cherry Hill and Miss Bernice O'Brien will teach.

Both young women elected to the newly created positions were graduated from the local high school and the school management feels highly pleased in being able to secure them for the extra work.

MAY CURTAIL HORSE RACING IN ARGENTINE

Buenos Aires, (By Mail)—President Irigoyen's administration is considering projects of law for the suppression or limitation of horse racing, it is announced. Buenos Aires has one of the finest race courses in the world operated by its famous Jockey Club where millions of pesos change hands in a year under pari-mutuel betting system.

Races are held twice a week, Thursdays and Sundays, and on the first

quent holidays. The attendance is from 15,000 to 20,000 persons. The newspapers have commented on the fact that, as a corollary to the mounting cost of living, the betting public has increased its wagers on the races. Where total bets on a Sunday were formerly 800,000 pesos, they now sometimes aggregate 3,000,000 pesos. The administration believes that the Thursday races, at least ought to be suppressed.

POLICE RECOVER A STOLEN AUTO AND GET DRIVER

James Mitchener is Arrested
On Complaint Made By
Springfield Chief of Police.

Was Accompanied by Girl
Who Remains Here Until
Springfield Officer Comes.

Within the space of a few minutes after he had received word that a stolen Maxwell touring car was on its way to this city from Springfield driven by James Mitchener accompanied by Laura Wilson, Chief of Police D. L. Moore had the man behind the bars.

About eight o'clock there came a long distance call to the local office from Chief of Police O'Brien of Springfield, saying that Mitchener and a young woman in a stolen car had left for Jackson and that there was a probability that they might pass through this city. Chief O'Brien was of the opinion that the driver was headed for Jackson.

Chief Moore immediately dispatched an officer to North street with orders to halt the first car that appeared answering the description of the Springfield department.

The officer had hardly reached the street before the party answering the descriptions came along and headed for a garage. Right then and there the chase was ended.

Chief Moore put in a return call to Springfield that the man wanted was in the lockup and that if they would send an officer they could have him any time.

The young woman remained around the police headquarters until the Springfield officer could appear with the warrant for Mitchener's arrest for stealing an automobile.

OFFICER COMING TO TAKE APPLICATIONS FOR VICTORY MEDALS

The local American Legion Post has been notified that a Regular Army officer will arrive in Washington Monday morning and will remain here a few days for the purpose of receiving applications for the Victory Medal. He will be the guest of the American Legion while here and will probably occupy a portion of the American Legion booth at the festival.

All ex-Service men are entitled to receive the medal. All that is necessary is to present their discharges. If they are not able to do this in person, they may send or mail them to Commander Roy A. Tharp of the legion, who will take care of it.

Discharges recently turned in to the Legion for the purpose and now in the hands of the Legion will be taken care of by legion officers.

Meeting in regular session Thursday evening the American Legion, Paul H. Hughey Post, No. 25, accepted the resignation of Judge Rell G. Allen, as commander of the Post, and appointed to that position Roy A. Tharp, who has served with Commander Allen as Vice Commander.

Commander Allen's resignation follows his action in filling papers for his re-election to the office of Probate Judge of Fayette county, and is in accordance with the bylaws and constitution of the American Legion that no member running for political office shall hold an office in the Legion.

FOUR LEADERS OF THE SINN FEIN MOVEMENT

Left to right: J. J. O'Kelly, the Lord Mayor of Dublin, Councillor Mrs. MacGarry and Count Plunkett.

Contrary to the opinion held in some quarters, and as the photo shows, the leaders of the Sinn Fein movement in Ireland are not all wild eyed and frothing at

the mouth. With the exception of President de Valera, the four Sinn Fein leaders shown above are among the most prominent in the Irish movement. O'Kelly

is speaker of the Irish parliament. Count Plunkett has long been known for the moderation of his views.

Many ships that used to make Hamburg a thriving commercial center, trade has died away and the great market places on the water front are practically deserted. Before the war Hamburg had become one of Europe's chief coffee markets. Now only a few sacks of that staple find their way here.

While Hamburg was losing its glory as a port, death was taking a heavy toll of the so-called "royal heads" of the big German companies, including Albert Ballin, president of the Hamburg-American line and the brothers Adolph and Edward Woermann, who guided the affairs of the great Woermann Indian and African lines, "Africa House" the scene of their labors, was the nerve center of Germany's vast colonial trade. It stands today a silent memorial of German imperialism.

MATCH SHORTAGE ON IN LISBON

(By Associated Press)

Lisbon, (By Mail)—Matches have disappeared from the market, much to the discomfort of smokers and housewives. Waiters and cigar store clerks who are able to furnish a few matches have been extremely popular for two weeks.

In view of the high prices here, the operatives of the Match Company demand higher wages, and the company to meet their wishes petitioned the government for permission to raise the price of matches. This consent has not been given and in view of the deadlock the inhabitants of Portugal have had no matches for about a fortnight, since the stocks in the shops were exhausted.

When the monopoly of match manufacture was given to the company some year ago, the public, specially smokers, as a sign of protest began to use automatic flint and gasoline lighters, which caused a considerable decrease to the company's sale and the government at the company's request issued a law forbidding their use, in consequence of which they were all seized and their carriers fined.

A recall of this law, however, has been proposed in Parliament but has not been acted upon.

In the provinces, fires are kept alight day and night as the only way of obtaining light at a moment's notice.

DEM. COMMITTEE CHARGES HARDING WITH HYPOCRISY

(By Associated Press)

New York, September 9.—The Democratic National Committee today issued statements here and in Chicago characterizing as "hypocrisy" Senator Harding's statement in his St. Paul speech yesterday that he favored a farm loan act.

Senator Pat Harrison of Mississippi issued the statement here which said:

"Harding known that the act passed by a Democratic congress is not functioning today because a Republican congress failed to pass legislation proposed by a Democrat for its continuance.

PASSING VESSELS SET NEW RECORD IN ELBE RIVER

Most Vessels Pass in 24 Hour Period Since War Opened.

Hamburg, (By Mail)—In one day last week twenty-two steamers passed Cuxhaven on the way to Hamburg or to enter the Kiel Canal. This was the largest number of ships to come into the Elbe in 24 hours since the early days of the war, and the event was hailed with intense satisfaction here as a sign of better times. Five years ago it was a dull day when only a score of vessels arrived. The Hamburg-American line usually had from 25 to 30 big ships in port and the harbor was so crowded with shipping that the problem of docking of ten became acute.

In those days few flags other than those of the German companies were seen in the harbor. Today Hamburg is literally under foreign colors. Shipping companies of all the principal nations have set up offices here and the formerly powerful German lines, having lost their ships, are acting now only as agents. American, British, Japanese, French, Italian, Spanish, Dutch and Brazilian Co. display their advertisements in the shipping papers. Advertisements of German concerns are so few that one must search for them.

There is some life again in the harbor but the ships are nearly all foreign. One passes long rows of splendidly equipped docks and warehouses once a hive of industry but now empty and still. And in the absence of

HEAVY DOWNPOUR CAUSES FLOOD

An extremely heavy fall of rain Thursday afternoon, resulted in flood conditions in parts of the city where the storm sewers were totally inadequate to carry off the water as rapidly as it accumulated, and where some of the catch basins had become clogged.

In some instances water stood a foot deep along the streets, with the result that considerable inconvenience was caused to pedestrians.

HAD A TERRIBLE BURNING FEELING IN HIS STOMACH

Declares it felt like red hot coals were in there and he would belch up hot, sour water. The great root and herb remedy, Drecto stopped his troubles.

"This Drecto has certainly put a stop to a very annoying trouble for me," said Mr. William Hunter who lives at 591 N. Front St., Hamilton, Ohio.

"My stomach was shot to pieces, as the saying goes everything I ate went against me and instead of giving me strength, it remained in my stomach, undigested, fermented and it seemed like I was burning up. I'd belch up hot, sour water that made my throat feel raw. I couldn't enjoy a single meal, no matter how careful I was.

"My kidneys got out of order and my backached terribly at times; I became quite nervous and lost a lot of sleep but I'm a happy man today for Drecto has knocked out all these troubles and put my stomach back like it used to be. I'm eating things now that I denied myself for a long time. Drecto has also strengthened my kidneys and over come the constipation. I've told lots of folks about Drecto and they are taking it on my say-so."

TROUBLE BREWS BETWEEN ITALY AND GREECE OVER DODECANESE ISLANDS

Map showing relation of Dodecanese islands to Greece, Italy and Asia Minor.

Trouble is brewing between Italy and Greece over possession of the Dodecanese islands, which formerly belonged to Turkey. It appears that a secret treaty existed between the two allied countries whereby the islands were to be given to Italy by the terms of the peace treaty, but were then to be transferred to Greece. Italy does not now wish to stand by her bargain as regards Rhodes, the largest, most populous, and by far the most valuable island of the group.

DEAL IN CATTLE CAUSE OF SUIT

Charles E. Cockerill instituted action in Common Pleas court Wednesday to obtain \$1547.79 and six percent interest from July 31, 1920 from Daniel M. Coyner, alleged to be due the plaintiff on a sale of cattle made last June. Cockerill through his attorneys, Wilby G. Hyde and Post and Reid, avers that on June 14 of this year he sold to Coyner forty cattle at 14 cents per pound to be delivered at the defendant's request and not later than July 31. Upon their delivery on that date the defendant, according to the petition, attempted to resell them to Cockerill, who then shipped the steers to Pittsburg in order to get rid of them at a net price \$4473.63.

The plaintiff claims that had Coyner taken the cattle at the agreed time, he would have received \$5734.40. He asks to be awarded the difference between the two sums, six percent interest from the date set for sale and \$285.00 for expenses incurred.—Chillicothe News.

AUTO TURNS OVER MAN NOT INJURED

Ford Skids Into Yard When Driver Attempts to Dodge Dog.

In an attempt to dodge a dog on Washington Avenue a Ford automobile driven by Milton Easton skidded on the wet paving Thursday evening and turned completely over pinning beneath it the driver and two other men, Sylvester and Dowler, who were with him.

Although the car was badly damaged the top smashed flat and all glass shattered the occupants did not receive a scratch and were hardly bruised.

The Ford had skidded for over a hundred feet and crashed into a cement post design on the lawn of the Coffman home, breaking it squarely off.
